

## APPEAL IS MADE BY ASSOCIATED CHARITY BUREAU

Funds for Next Year Must Be  
Raised or Humane Work  
Will Suffer

Drawing attention to the large amount of work it is doing for the public good, the Associated Charities organization is beginning a canvass for funds totalling \$20,500. The appeal is endorsed, after investigation, by the chamber of commerce.

The letter of appeal, signed by the president, J. R. Galt, and the finance committee, J. L. Cockburn, Mrs. W. D. Westervelt, W. F. Frear, W. L. Whitney and A. Galt, says in part: "It is of the utmost importance that we uphold the standards of work, especially in war time and in order to do this, we appeal to you to continue to contribute to the support of our association."

An estimate of our expenses for November and December, in addition to the ten months' expenditure, will total for the year about \$20,500. The chamber of commerce has endorsed our request to solicit \$20,000 for the 1918 expenses. We expect to realize from our investments and from special contributions any additional money which may be needed to carry on the year's work.

The statistical report for ten months ending November 1, emphasizes the scope of the work. It says: Number of families under care... 573  
Number of individuals under care... 1,766

## STORE FINED FOR FRAUD IN ADS

Iowa's new law against fraudulent advertising stood its first test in court with the conviction of the Emporium Clock and Suit Co. of Des Moines. In sustaining charges brought by the Associated Vigilance Committee of Iowa, Judge J. E. Mereson of the municipal court fined the concern \$150 and costs. Later the fine was reduced one-half on a plea for leniency by the defense.

The case upholds the new principle of law that exaggerated price comparisons are in reality statements of fact rather than of mere opinion.

The store advertised \$20 winter coats, \$10.99; \$18 dresses, \$9.98, and \$4 and \$5 silk blouses, \$1.98. The Vigilance Committee secured one each of the articles advertised and submitted them to experts, all of whom swore that the garments were not of the value claimed. The highest retail value placed on the coat was \$12.50, on the dress \$10 to \$12, and on the blouse \$2.50. The evidence was that the blouse was a grade ordinarily used as a leader at \$1.95.

In rendering his decision, Judge Mereson said that technicalities would not hold in a case where the violation of the law was so complete. "The offense was willful and intentional," he said, "and a plain case could not be shown."

## AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns  
Gray, Faded Hair Dark  
and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

## 'OVER TOP' FUND REACHES \$21,994

Activity on the part of the workers in the Y. W. C. A. campaign to raise a fund of \$45,000 for association and war work brought in a total of \$21,994 for the last 24 hours, raising the total amount subscribed to the "Over the Top" campaign to \$21,994.40. Walter Billingham was the principal speaker at the luncheon at the association today. He urged the workers to continue the system which had been adopted.

Mr. Billingham took to a certain extent on assets and liabilities, and remarked that the assets were what a man had left over, and he believed that the campaign committee could do well to work on this phase of the situation.

A number of Japanese women of the city were present at the luncheon and more than 75 members of the various teams listened to the talks and reports of the captains.

Captains reporting contributions of more than \$100 today were as follows: Miss Harriet Forbes, \$170.50; Mrs. W. C. Hobdy, \$54.25; Mrs. John Guild, \$200; Mrs. Forbes, \$277.60; Mrs. R. D. Williams, \$297.50; Mrs. Elizabeth Mackall, \$316.50; Miss Alice Hopper, \$203; Mrs. Harold Hueste, \$195.50; Mrs. R. G. Moore, \$125; Japanese women, \$240; executive committee, \$2600.

## THE FORESIGHT OF A LOCAL FIRM

A well known local lady visited three clothing stores yesterday with her two sons seeking to outfit her boys with blue serge suits. Not until she reached The Hub, on King street, did she find clothes which suited her. The manager of the Hub anticipating a general rise in prices and a probable scarcity bought heavily early in the spring in boys' serge which explains why today the Hub is selling all-wool, Washington blue serge suits in sizes from 6 to 12, at \$8.50. The Hub is still in their temporary quarters at 78 South King street, opposite the Union Grill.

### POLICE COURT NOTES

The case of David C. Bulck, which was continued from yesterday morning until this morning, by common consent of both attorneys, is continued until December 27. William Carden is attorney for the defense.

Through some misunderstanding, Charles Hubert, auto driver, charged with manslaughter, failed to appear in court this morning. He is out on a bond of \$2500. The case will be called for preliminary hearing before Judge Irwin on December 19.

S. Maids, arrested yesterday for the murder of the seven-year-old son of the camp boss, Teapudu, near the Palama fire station, appeared in police court this morning, charged with first degree murder. No plea was entered, although the defendant asked for a preliminary hearing before Police Judge Irwin. The case was continued until December 17.

Declaring that he had used a knife only in self-defense and after two shots had been fired at him by two Hawaiians, Private E. Lewis, D Company, 25th Infantry, was committed to the circuit court by Judge Harry Irwin, police magistrate, yesterday. Lewis was arrested two weeks ago, charged with having seriously wounded Harry Wilson and Thomas Kahoe at Kakaako. Lewis' defense was that the two Hawaiians attacked him and shot at him and he knifed them to prevent a bad beating.

### WAIALAE LOTS SELL.

Eleven lots in the Wai'alae beach tract have been sold to date and the remainder of the property will be disposed of by private treaty. The sale of the lots is being conducted from the Bishop Estate office on Merchant street.

## IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally  
If You Eat Meat  
Regularly

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and blood pure, thereby avoiding serious kidney complications.—Adv.

## PINES CO. TO BUILD \$100,000 STORAGE PLANT

In preparation for any possible shortage of shipping and the resultant need of large storage facilities in these islands, the Hawaiian Pineapple Company, Ltd., will shortly build a concrete structure and dam-proof warehouse on the property at Wai'ale, which will cost \$100,000 and cover an area of several acres.

The removal of the old buildings which stand on the site to be occupied by the new warehouse has already begun and the construction of the big storage plant will start as soon as the city and county building inspector can prepare and approve the plans.

Final details in connection with the drawing of the plans are now being completed by the Hawaiian Pineapple Company architects. The contract for the construction of the warehouse has been let to the Pacific Engineering Company and most of the materials are already on the ground.

K. B. Barnes, manager of the Hawaiian Pineapple Company, said today that the growth of the business done required the new warehouse and further that they were making preparations to have ample storage facilities.

The subject for next Sunday morning at the Military B. B. A. class will be "Militant Rome and the Jewish People." This class meets on the lawn of the Army and Navy Y. M. C. A. at 10 o'clock. Each session lasts exactly 45 minutes. The leader is Professor Vaughan McCaughey. The course is open to all young men, both civilians and enlisted men of the service. The subject for Dec. 23 will be "Jesus of Nazareth as a Militant Character."

## ENGLAND PLACES ORDER FOR SHIPS IN CANADA

(By Associated Press)  
LONDON, Eng.—It is announced here that Great Britain has placed orders in Canada for 22 steel vessels of 3400 to 8000 tons, the total tonnage now under consideration being 150,000. The vessels are to be launched this year or early in 1918. Orders for wooden ships to the value of \$10,000,000 are also under consideration.

## AMERICAN DENTIST FORCED INTO GERMAN ARMY

COPENHAGEN, Denmark.—Dr. Fisher, an American dentist who has been practicing in Copenhagen, has been taken into the German army, according to advices received here from Germany. The conscription was made under the rule requiring under certain conditions that foreign residents in Germany serve in the army.

Dr. Fisher hails from Chicago. He has resided in Germany for more than ten years and had decided to continue his practice there during the war.

## INDIGO FROM MICHIGAN.

Advices from Midland, Mich., tell us of the first production of indigo from coal tar in the United States, says Ellwood Hendrick in "The Popular Science Monthly." One thousand pounds of 20 per cent paste are produced daily, despite the fact that in the last tariff bill the duty on dyestuffs was removed from indigo. The annual consumption of indigo in natural form is in the neighborhood of 10,000 pounds. By 1912 the German makers of the coal tar indigo, which is chemically the same as the product of the tropical indigo plants, had driven the natural product from the world's market. The artificial is considered better and more reliable than the natural dye.

## SEEKS LAND TITLE

In a condemnation suit brought against Bruce Cartwright, trustee under the will of the late Emma Kaleleonalani, the city and county seeks to secure possession of 79-100 acres of land at Puuloa for the relocation of the Puuloa road near the U. S. naval reservation at Pearl Harbor.
